DETAILED ACTION

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Kathleen M. Williams on 19 October 2004.

The application has been amended as follows:

Non-elected Claims 8, 9 and 10 have been cancelled.

REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance:

The method of the instant Application is essentially an ELISA assay for identifying ligands of receptors, in which several steps are modified from those currently used in the literature. Compounds to be tested are added to plates. Cells expressing both the receptor of interest and apoaequorin are added to the plates after preincubation with coelenterazine. These modifications result in unexpectedly high emission levels as well as very low variances within experimental groups (see Figures 1, Figure 5A and Figure

5B). The claims of the instant application are directed to the steps used to detect a ligand of a receptor using this technique. The claims are free of the prior art as the prior art discloses different measuring steps and does not disclose preincubation of the test compounds and coelenterazine, nor test cells expressing apoaequorin and the receptor of interest (Shimomura, et al, 1993, Biochem. J., 296: 549-551). The specification provides experimental evidence of utility and enablement under 35 U.S.C. 112, first paragraph. The claims also meet 35 U.S.C. 112- second paragraph requirements because the claims point out and distinctly claim the invention.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
